

The Ottawa Public Sector Quality Fair

The role of information systems in supporting transformational change

Panel Discussion

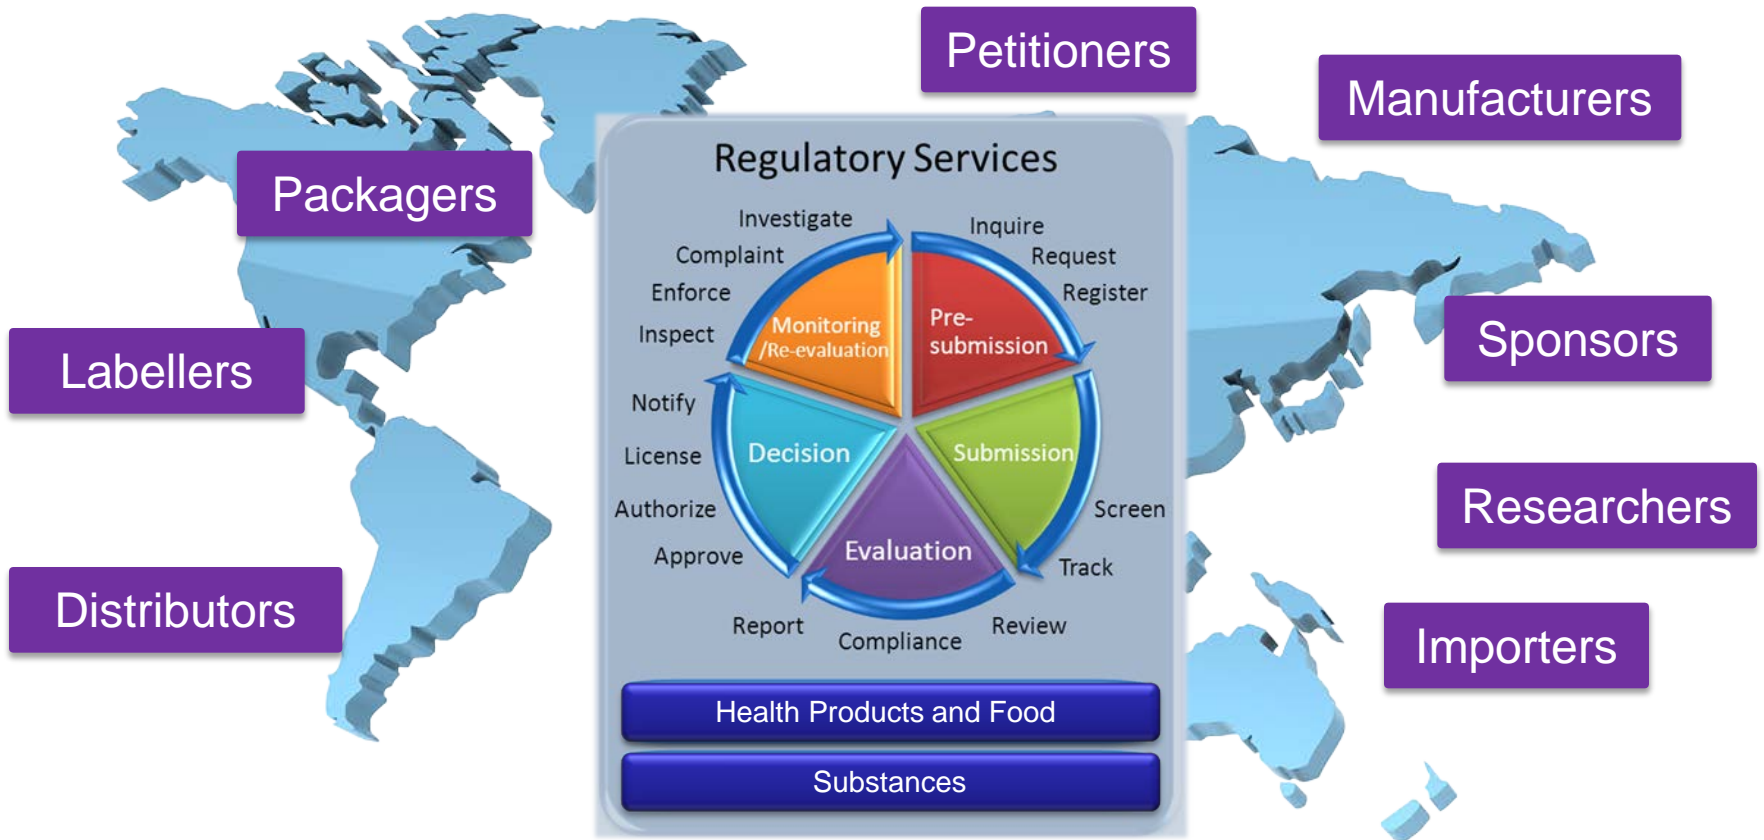

February 5, 2013

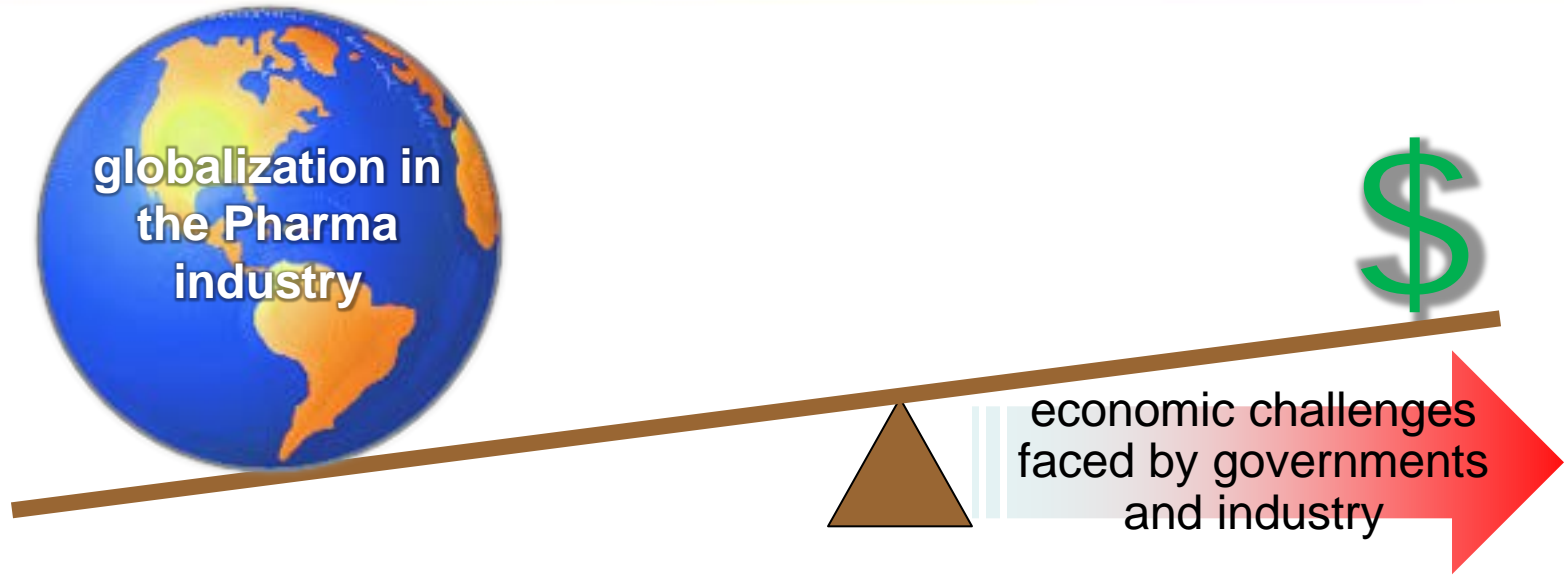

C. Kemp

What we do

Federal regulator that ensures Canadians have access to safe and effective food, drugs and health products

Global challenges

One component: innovative partnerships: Improving our ability to:

- cooperate internationally,
- share information, and
- effectively allocate scarce specialized resources.

HPFB Strategic Drivers and Priorities

Strategic Drivers

**Global
Supply Chain
Management**

Product Safety

**Health Product
Innovations**

**International
Regulatory
Practices**

**Transparency &
Accountability**

Strategic Priorities

HPFB Strategic Plan Priorities

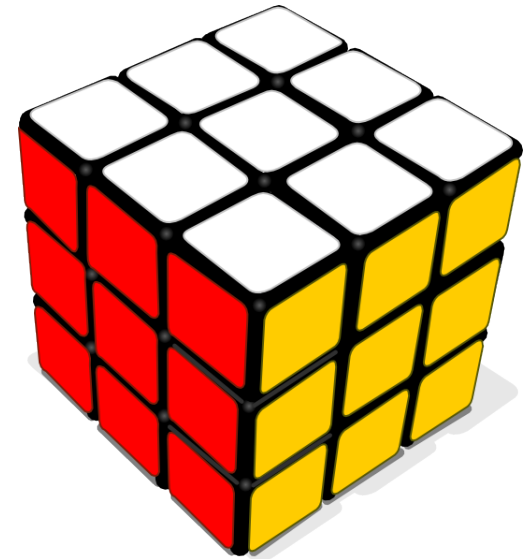

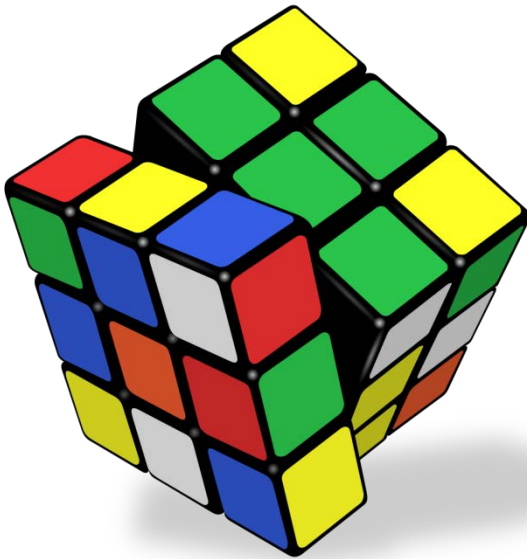

- Operational Excellence
- Regulatory Modernization
- People agenda

Transformation Challenge

Responding to rapid change and increasingly complex problems

Mastering strategic transformation as a core organizational competence.

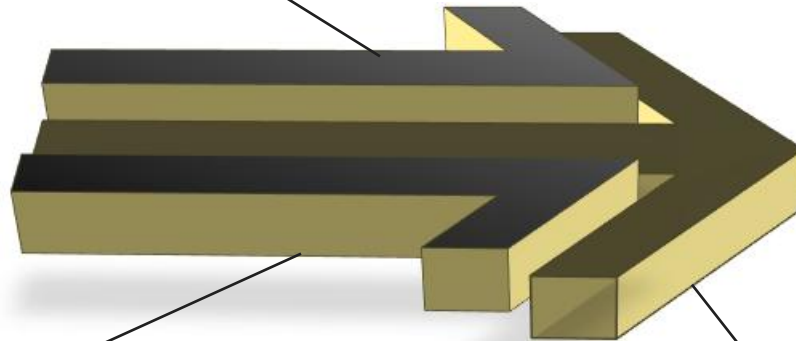

Hierarchical versus Horizontal

On-going operations versus Innovation

Establishing a foundation for transformative change

1. Cooperation & coordination

2. Collaboration

3. Convergence

Laying a foundation for lasting regulatory cooperation mechanisms to ensure ongoing alignment
