Values

Our Values: CPSEN's values reflect how we want to interact with our members. The discussions at our March Strategic Planning Retreat identified that CPSEN is made up of public servants helping other public servants to:

- provide a collaborative learning environment;
- support development and sharing of practices that work;
- encourage intimate friendly events;
- learn from practitioners what their needs are to be able to meet them;
- communicate information, tools, experience and techniques;
- mentor people who need help; and
- deliver dynamic, interactive activities.
